

DODGE '79

The
practical,
affordable
answer.

ASPEN

*How to go
long on value
without
coming up
short
on size.*

Aspen wagons. Affordable in so many ways. Space. Comfortable seating for six passengers and their luggage. Or three passengers and—with the second seat lowered—over 73 cubic feet of cargo area!

Choice. Aspen wagon offers you a generous selection of interior and exterior design choices. The kind of selection that makes your Aspen wagon your own personal statement.

Comfort. Experience easy-chair comfort on the standard all-vinyl bench seat or optional vinyl bucket seats with center cushion and folding armrest.

Power. The proven 225 Six engine is standard with either three-speed manual (NA Calif.) or optional TorqueFlite automatic transmission. Power of another sort is provided by the standard power front disc brakes.

Looks. Just take in the rich-looking woodtone exterior panels that grace Aspen with the Special Edition Package. Or the tasteful exterior trim of the Custom Package.

Impressed? With Aspen you can afford to be.

HOW TO USE THIS BOOK TO CHOOSE YOUR ASPEN

The exciting thing about buying an Aspen is the way you can tailor one to your own personal taste. Choose and order. It's as simple as that. Look over the exterior packages and interior appointments on the following pages. When you've selected your favorite, place a check in the boxes next to the listing for each on the Aspen Ready-To-Order Form on page 14. Do the same with the options you want. Now discuss it with your salesman and there you have it. Your Aspen. As you like it.

Aspen wagon with Custom Exterior Package.

FAMILY ROOM.

Families will appreciate the spacious cargo area—73.1 cubic feet of it. And nearly seven feet of cargo length from the back of the front seat to the liftgate. Cargo-area carpeting and convenient, lockable storage bins are included in the Special Edition Interior Package.

STANDARD ASPEN WAGON.

Aspen wagon is also available in an even more affordable standard model. This wagon is equipped with the same basic features standard on all Aspens, including all-vinyl interior trim. "IT'S BIG FOR ITS SIZE."

Some of the equipment items pictured in this catalog are extra-cost options.

*How
to look
and feel
extravagant
when
you're really
not.*

Owning an Aspen sedan is like having your cake and eating it, too.

You'll find plenty of people and luggage space inside the stunning choice of exterior and interior packages that are available in Aspen Custom and Special Edition. Feel choosy with the packages that best suit your tastes.

Feel extravagant. You can afford to indulge in one of Aspen's new two-tone paint treatments, rich-looking vinyl roofs, or decorative body moldings.

Feel capable. Aspen sedan, equipped with the 225 1-barrel Six and three-speed manual transmission (NA Calif.), scores one for proficiency. What's more, the optional TorqueFlite automatic transmission can be ordered for added driving convenience. Or, for more performance, you can select the optional 318 V-8.

Feel good. Test-drive an Aspen sedan.

STANDARD ASPEN SEDAN

This standard sedan is also offered with no sacrifice in the comfort and performance you've come to expect from Aspen.

"IT'S BIG FOR ITS SIZE."

HOW TO TAKE IT WITH YOU!

Besides accommodating your passengers, Aspen has the wherewithal to haul 16.2 cubic feet of cargo as well. And haul it in style with the trunk dress-up option included in the Special Edition Interior Package.

*How
to find
happiness
at a
reasonable
price.*

Good things happen with Aspen coupe. It combines all the important features of the sedan and wagon, and adds a few special touches of its own. Like the optional T-bar roof with removable glass panels. A sure-fire way to enjoy summer.

Listed among the other Aspen options that will spruce up your coupe are sporty new cast aluminum road wheels. And, for a variety of sound, choose one of seven radio options—count em!—including our popular CB transceiver in combi-

nation with an AM or AM/FM stereo radio.

Experience, too, the quick response of the optional four-speed overdrive transmission (NA Calif.) which also improves gas mileage.

Now determine the look you want and don't be surprised when Aspen comes up with just the right exterior and interior packages to suit you. From rooftop to seating, exterior colors to tape stripes, Aspen coupe is totally yours.

IT'S ALL THERE.

Aspen's instrument panel houses all the important gauges in convenient, easy-to-see locations. There are standard gauges for alternator, engine temperature, and fuel; warning lights for oil pressure and parking brake.

STANDARD ASPEN COUPE

This one's for the no-frills buyer who wants Aspen's basic good looks and convenient standard features.

*How
to express
yourself
in
three very
personal
ways.*

For the person who wants something special—Aspen offers you the wagon with the Sport Package or the coupe with the Sunrise or R/T Package.

With the Sport Package, Aspen wagon looks ready for action. Wheel-opening flares, front air dam, yellow-and-orange tape stripes, 5-spoke styled road wheels with bright trim rings, and the black highlighted R/T grille create a wagon look you haven't seen before. Premium vinyl buckets are standard in the Sport wagon, as are a "Tuff" steering wheel and cargo-area carpeting.

You'll recognize the Aspen R/T immediately

with its bold, new exterior "strobe" stripes and black accent grille. The three-piece rear deck spoiler adds a "race car" look and the louvered quarter windows give the R/T even more distinction. Dual body-colored sport mirrors and painted cast aluminum road wheels supply the finishing touches. For inside good looks, a cloth-and-vinyl bench seat is standard.

The Sunrise Package has a look all its own thanks to its white sidewall tires, body-side stripes, and louvered quarter windows. Standard high-back plaid cloth-and-vinyl bucket seats are as comfortable as they are good-looking.

You can afford to express yourself in an Aspen.

*Aspen:
The
inside
choice*

Look at the variety of seating options on this page. That's what we call choice. That's what you call luxury. The luxury of choice.

Choose your favorite interior option and match it with your favorite exterior package. Then, indicate your choice on the Ready-To-Order form on page 14. It's that easy.
