

X1/9

F I A T

X1/9

To turn a hard top into an open air sports car, remove the Targa Top and stow it in the front boot.

The X1/9 is 13 ft from bumper to bumper with room at the back for two weekend bags which we can supply as accessories.

The unmistakable pedigree of a Ferrari: the same low dramatic profile, the same mid engine layout and, the same designer, Bertone.
