

1980 DODGE

LeBARON

LeBaron S-Type Two-Door in Nightwatch Blue.

LeBARON TWO-DOOR. A NEW LOOK OF LUXURY.

The lines are clean and classic. The interiors, tasteful . . . even elegant. The ride, smooth. The handling, responsive. This is our LeBaron of the '80's. Redesigned to make it the richest looking mid-size Dodge ever . . . and the brightest new personality in its class. Expressive in design and style, yet surprisingly easy to own.

It may surprise you to know that our new LeBaron two-door is trimmer than last year's model. For all its affordability, the LeBaron two-door still offers the look and feel of a more expensive mid-size car. In fact, we think you'll agree that our 1980 edition is the most luxurious-looking LeBaron two-door ever.

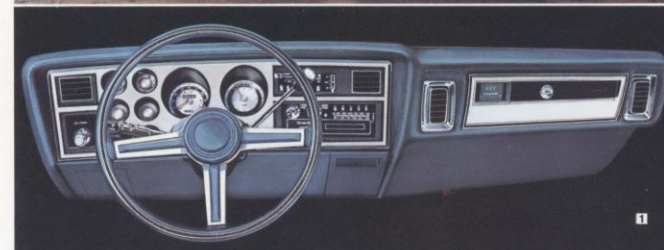

It's evident from every angle. The style is crisp and contemporary. With bold new front-end styling. A fresh new roof treatment. And smooth new sheet metal. All highlighted by new two-tone paint combinations available for the very first time on LeBaron.

For all their exterior leanness, the LeBaron, Salon and Medallion two-doors actually offer slightly more front and rear headroom and rear shoulder room than before . . . for greater comfort. For greater convenience, 60/40 seats and low-back bucket seats have a new driver's-side automatic inertia seatback latch and passenger-side easy-entry system.

In addition, all LeBarons offer handsomely upholstered seating complemented by a richly accented instrument panel, thick carpeting and standard convenience features. Like power steering, power brakes and an automatic transmission. For a new feel of luxury. To go with our LeBaron's luxurious new look.

LeBaron Medallion Two-Door.

Introducing LeBaron S-Type Coupe. A new level of driving excitement.

There's never before been a LeBaron so attuned to the open road, so dramatic in its driving style, as the new S-Type coupe (shown on opposite page).

You'll know the S-Type by its special look. Color-keyed road wheels, dual remote control sport mirrors and bold body stripes outside. And inside, high-back cloth bucket seats, luxury steering wheel and brushed-aluminum finish instrument cluster cover, door moldings and glove box door insert.

You'll admire this mid-size sport coupe's special way with a road. Steel-belted white sidewall radial tires, high-visibility halogen headlights and an optional Handling Package work together to produce a responsive, yet refined, road car.

S-Type. A stunning new addition to the 1980 LeBaron lineup.

About this catalog.

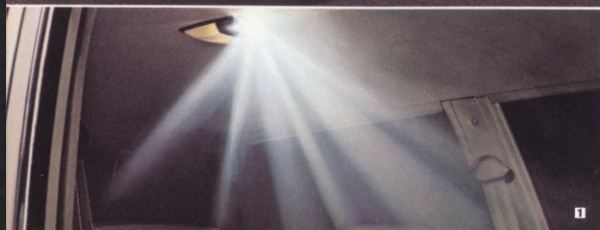

We have tried to make this catalog as complete as possible. And we hope you find it useful. However, since the time of printing, some of the information you'll find here may have been updated. **Also, some of the equipment shown or described throughout this catalog is available at extra cost.** Your dealer has details and you should ask him for current information before ordering.

1. A three-spoke steering wheel and brushed-finish bezel highlight the S-Type instrument panel (shown with the optional AM/FM stereo radio with eight-track tape player).

2. The high-back cloth bucket seats shown are standard on the S-Type. They're offered in blue, red, heather or cashmere.

LeBaron four-door.

2

LeBARON FOUR-DOOR. NEW ELEGANCE IN THE MID-SIZE CLASS.

When we redesigned our LeBaron four-door for 1980, we were determined to make it the most elegant sedan in the mid-size class. We think you'll agree that we've succeeded. With its dramatic new front-end design, smooth flanks, squared-off fenders and formal roof, the new LeBaron looks far richer and more distinctive than its very affordable price would make it seem.

The same holds true for its interior appointments. LeBaron's handsome standard cloth-and-vinyl seats. The luxurious crushed velour upholstery that's standard on Medallion four-door. The rich leather that's optional, also on Medallion. Underfoot you'll find thick color-keyed carpeting in every LeBaron model . . . even in the trunk on the Medallion. You'll face a woodtone-finished instrument panel with deep-set dials and gauges. Overhead, on Medallion, there's a combination map/dome reading light, too.

Yet underneath all this elegance lies the proven practicality of a six-cylinder engine. A TorqueFlite automatic transmission. Power steering and brakes. All mounted on a chassis featuring isolated transverse torsion bars up front and isolated leaf springs in back. For a ride that's smooth and impressive.

LeBaron four-door. You won't find a more elegant, finely engineered mid-size sedan for the price.

1. An overhead map/dome reading light is standard on this year's LeBaron Medallion four-door.

2. Standard seating in the LeBaron Salon four-door is this cloth-and-vinyl bench seat with folding center armrest. Offered in blue, green, heather, red or cashmere.

LeBaron Salon four-door.

LeBaron Salon wagon

LeBARON WAGON.

NEW STYLE AND VALUE FOR THE WORKING WAGON.

We like to think that our handsome new LeBaron wagon is a very special mid-size wagon. With fresh new styling in a relatively trim and thrifty package that makes it easier to maneuver and manage than full-size wagons. Yet still offering the convenience of four doors and full six-passenger seating... not to mention 71.8 cubic feet of load space with the rear seat folded down.

And if plush is as important to you as practical, consider this 1980 LeBaron's other full-size wagon attributes... power steering and brakes, automatic transmission and a smooth, steady ride... courtesy of our patented transverse torsion-bar front suspension and radial-ply tires. All standard. In addition, the dressy LeBaron Salon wagon offers a fully carpeted cargo area, lockable storage bins and simulated woodgrain exterior trim any wagon would be proud to call its own.

On the other hand, practical doesn't have to mean plain, either. As demonstrated by our more affordable new basic LeBaron wagon. It shares the fresh styling and many standard features of its plusher cousin, LeBaron Salon wagon. Obviously, our idea of "basic" in a wagon still adds up to a lot of comfort, style and value for you.

LeBaron and LeBaron Salon wagons... a very handsome approach to very practical matters.

1. A rear window wiper/washer is available on all LeBaron wagons for improved rearward visibility regardless of the weather.

2. This cloth-and-vinyl 60/40 seat with folding center armrest is optional on both wagon models in green, red or cashmere.

LeBaron wagon

LeBARON OPTIONS.

1. LeBaron's automatic speed control and deluxe intermittent windshield wiper system are practical additions for anyone who does a lot of highway driving.

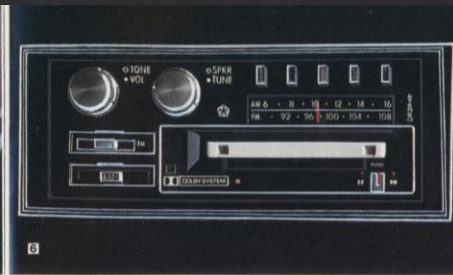

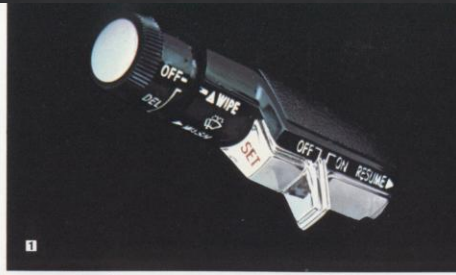

2. This power-operated tinted-glass sun roof can be your very special "window on the world." Available on both two-door and four-door models.

3. Now drivers can have a convenience once reserved for only their passengers. With this new driver-side vanity mirror. (Passenger-side vanity mirror also available.)

4. Finding your favorite station is as easy as using a pocket calculator or a push-button phone. A vacuum fluorescent digital display indicates station frequencies on LeBaron's Electronic Search-Tune AM/FM stereo radio.

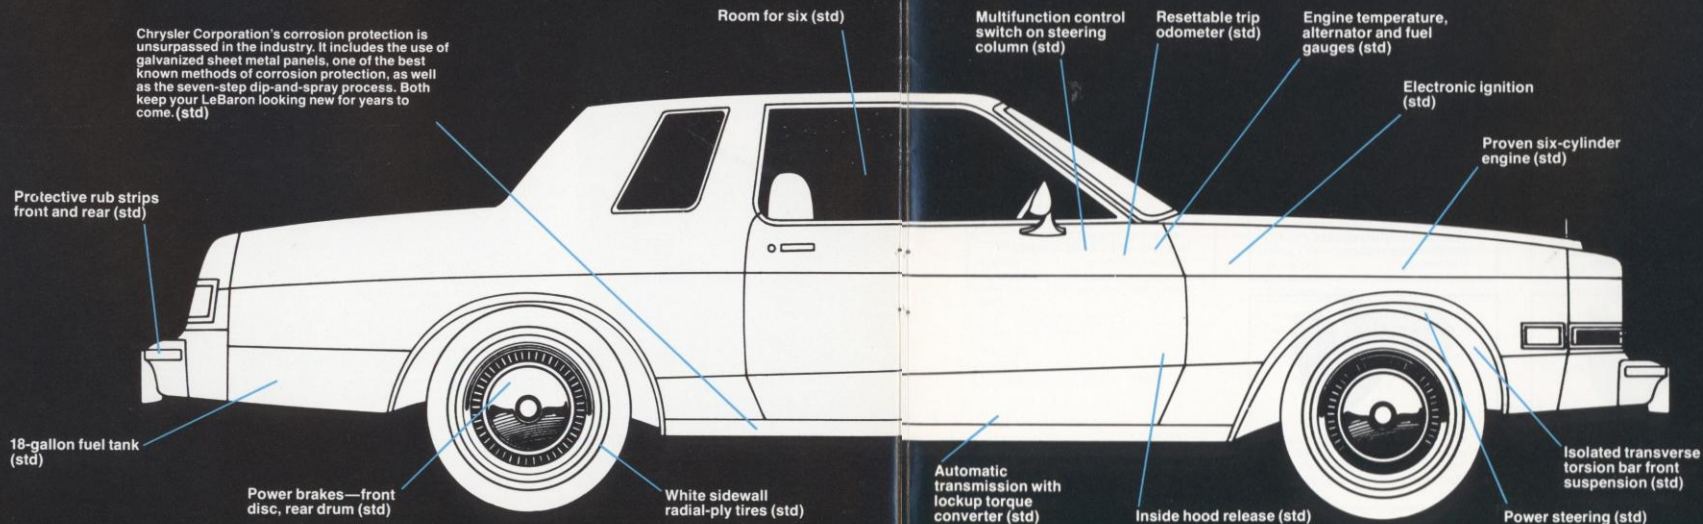

5. A new, improved air conditioning system* is available on every 1980 LeBaron. This lighter, more compact unit offers improved heater performance capacity and eight modes of operation for year-round comfort.

*Ask your dealer for details regarding restrictions applicable to the later installation of air conditioning.

LeBARON STANDARDS.

Chrysler Corporation's corrosion protection is unsurpassed in the industry. It includes the use of galvanized sheet metal panels, one of the best known methods of corrosion protection, as well as the seven-step dip-and-spray process. Both keep your LeBaron looking new for years to come. (std)

6. An AM/FM stereo radio with cassette tape player and Dolby* system will fill your LeBaron with the sound of music.

*Dolby is a trademark of Dolby Laboratories.

7. This handsome wire wheel cover is available on all LeBarons for that contemporary classic look.

8. An illuminated entry system is another new item on LeBaron's '80 options list. Lifting either front door handle turns on all interior courtesy lights and illuminates the door key cylinder for your safety and convenience.

9. Engineering Excellence backed by Chrysler. The high quality of Chrysler's engineering and manufacturing processes is backed by a 12-month/20,000 km limited warranty* covering the repair or replacement of defective parts. That is the kind of protection you would expect from the corporation that has led the way in many areas such as advanced electronics and corrosion protection. Corrosion protection, through the extensive use of galvanized steel and the seven-step dip-and-spray process, has kept Chrysler a leader in the industry.

*Whichever comes first. Consult your dealer for complete details.

1980 READY-TO-ORDER FORM EXTERIOR TRIM

Certain models, packages and options are subject to specific restrictions, requirements and late availability. Consult your dealer for current ordering information.
